

SALISBURY SELECTMEN CENSURE JUDGE FOR FINING POLICE HEAD

DEMAND FINE BE REMITTED BY COURT

Town Officials Say Judge Jones Exceeded Authority; Desires Boycott on Bench

Salisbury, Aug. 14.—In the most drastic action ever taken here, the local board of selectmen last night censured Judge Nathaniel N. Jones of Newburyport District Court, demanded he withdraw a sentence and apologize, and in the meantime declared a boycott on his court.

The action against the judge, Judge Jones was taken as a result of the imposition of a fine of \$10 for contempt of court on Chief of Police Henry Cole.

DEMAND APOLOGY

The selectmen declared it to be "dishonorable for a judge to fine for contempt of court a public official who had no jurisdiction over the matter in question."

They demanded that he withdraw his sentence, apologize in open court for his action, and until such time the court was directed to take no more criminal business to Newburyport district court, to which it was transferred from Salisbury less than two months ago.

The trouble between Judge Jones and Chief Cole, arose over a summons for Florence A. Hopkins of Danvers.

On August 8, Officer Blaisdell of Salisbury made a complaint against the woman for failing to keep her motor vehicle on the right side of the road.

EXPLANATION DENIED

A response was issued for August 13 and forwarded to the chief of police at Danvers. At the opening of court yesterday in Newburyport, it had not been returned.

The Salisbury chief did not receive the summons until yesterday afternoon, at which time he was told the Hopkins woman "was ill with appendicitis in a Beverly hospital and would not appear for several weeks."

He notified Judge Jones to this effect, but the judge refused to accept his explanation of the delay and fined him \$10 for contempt of court.

Judge Jones then told Chief Cole that he must either pay the \$10, apologize for the delay, or go to jail. The police official paid the fine and then reported the matter to the selectmen.

BOARD MEETS

A meeting of the board, consisting of William R. Murray, chairman, George R. French and Joseph Daley, was called. Chairman Murray and Selectman Frank passed the vote of censure, with Selectman Daley dissenting.

The board found that Judge Jones was "grossly unjust, abusive of his power and exceeded his authority." They claimed his action was "most ridiculous in finding guilty of contempt and fining Chief Cole, preventing officer of the town and a representative of the Commonwealth on a matter over which he had no control and in which he was in no way at fault."

At Funeral Mass for Victims of Double Slaying

SCENE IN ST. CASIMIR'S Church, Maynard, today as the Rev. John S. Dziok, pastor, celebrated mass for the victims of the Stow farmstead tragedy. Mr. and Mrs. William Stefanowicz, whose confessed slayer, Joseph Graboski, alias Joe Stefanowicz, was arraigned in Concord yesterday. There were about 150 persons at the church service today, including a delegation from the Independent Polish Allen Society of East Cambridge. (Staff photo.)

DROUTH GOES IN SOME STATES

Washington, Aug. 14 (AP)—Rain and reports of rain doctored on by Hoover drouth conference today as Governors in the dry states urged immediate relief steps.

Rain sufficient to break the drouth over large areas were reported in the Ohio Valley, Indiana, Illinois, Central Kentucky, Southern Ohio, all of West Virginia, which has been hard hit, and in sections of Tennessee, Eastern Missouri and South-eastern Iowa.

A drizzle was falling in the capital as the state executives began conferences with Government officials preparatory to meeting with the President this afternoon.

Further encouragement for the drouth areas and the conferees was seen in the weather forecasts. The predictions for tonight and tomorrow were for rain in extreme Southern Kansas and in western parts of that state, Northern Oklahoma, Southwestern Nebraska, extreme Northwestern Texas, Southern Missouri, and all of Arkansas, Tennessee, Kentucky, West Virginia, and along the Ohio river.

Curtis Faces Round of Newport Events

Newport, R. I., Aug. 14 (AP)—A full schedule of social engagements faces Vice President Charles F. Curtis here after his arrival tomorrow afternoon and continuing until he leaves Saturday night.

Tomorrow afternoon at a public reception in City Hall he will be greeted by city officials and the army and naval commandants here.

Pardon, Then Job for Reformed Prisoner

Worcester, Aug. 14.—Allen B. Seymour, gardener from Worcester County jail yesterday largely through the efforts of Sheriff Albert F. Richardson, will receive a job from the same source.

Sheriff Richardson, who brought Seymour's case to the attention of Governor Allen and the pardon board, has promised him a job, and will reveal the nature of it when he returns to the city tomorrow.

In the meantime Seymour is working in the courthouse, where as a trusty he has been assisting the contractor making repairs on the roof.

Three months ago Seymour gave himself up at the jail, announcing his intention of completing the sentence he was serving 11 years earlier when he escaped.

In the meantime he had gone to another State, taken a different name, married, raised a family and became a respectable member of the community.

In view of his changed status and the repentance which he displayed, Sheriff Richardson applied for a pardon for Seymour, which was granted yesterday.

The Canadian Pacific steamer Montclair had sighted her off Cape Whittle at 10:15 (E. D. T.) and two hours later she was seen by watchers at Daniel's harbour and at Ferrolle, in the Straits of Belle Isle. The weather was fine and clear.

The ship passed over Greenley Island, where the Bremen ended her airplane crossing of the North Atlantic two years ago last March. The drizzle had averaged 60 knots since her takeoff from St. Hubert airport last night.

The ten newspapermen on board helped the crew pump fuel into the tanker to set a new world record for the flight.

CLUB FOUND IN STOW SLAYINGS

A birch club believed to be the murder weapon referred to by Joseph Graboski in his confession to the slaying of Mr. and Mrs. William Stefanowicz of Stow was found today near the woodland spot where the crimes were committed.

It will be turned over to Dr. George Burgess Magrath, Boston medical examiner and famous pathologist, for examination.

The bodies of the farmer and his wife were also sent to Dr. Magrath today for further inspection, following funeral services at Maynard, where Rev. John S. Dziok celebrated a mass of requiem in St. Casimir's Church.

A crowd, numbering between 200 and 300 persons, followed the funeral procession to the church, where about 150 attended the mass, including a delegation from an East Cambridge Polish society.

The authorities are puzzled over the murder weapon, at the wounds indicated that a sharp weapon was used and an axe found near the scene has been in Dr. Magrath's possession for several days.

An ash club was found yesterday and sent to the expert, but if the axe was not the slayer's weapon the investigators believe they have the instrument of his crimes in the birch club found today.

Search for Missing Teacher Is Futile

LOVE SUIT OF ART STUDENT SETTLED

\$100,000 Case Brought by Jean Walska Against Attorney Ended Out of Court

The \$100,000 heart balm suit of Jean Walska, 21, student at a fashionable Back Bay school, against Edwin B. Cox, Boston attorney, was settled out of court today to the girl's financial satisfaction, according to her attorneys.

Entered on the docket in Suffolk Superior Court was the notation: "Agreed judgment for the defendant without costs and judgment satisfied."

The sum in settlement of the action was not disclosed.

Alleging breach of promise to wed, Miss Walska, a slender blond, filed suit against Cox, who is 41, married, and the father of two children. He lives in Newburyport and has a Court st. office.

The promise was alleged to have been made in 1928.

Cox said there was no basis for the action, although he was acquainted with the plaintiff and sought unsuccessfully to have the papers impounded.

Attorneys for Miss Walska were William M. Sullivan and George E. B. Paul, and for Cox, Frederick H. Williams.

Love Suit Settled

SUIT FOR \$100,000 HEART BALM brought last November by Jean Walska, 21, art student at a fashionable Back Bay school, against Edwin B. Cox, Boston attorney, has been settled out of court. The girl's attorney said the settlement was to the financial satisfaction of Miss Walska. (Staff photo.)

HEAR NEW BILL AGAINST BOND, MORTGAGE CO.

August, Me. Aug. 14—The new bill, which a number of Boston and other Massachusetts people present, the hearing on the new bill in equity brought by bondholders of the American Bond & Mortgage Co., of Chicago, in receivership proceedings opened in Supreme court today.

The new bill, submitted for the new withdrawal yesterday, charges the company is in imminent danger of insolvency and there is now outstanding in Massachusetts a judgment of \$380,000.

This sum, according to the bill, with interest and costs, was in accordance with the final judgment of the Massachusetts Supreme court in the case of H. R. White, Co. against the mortgage company.

FRAUD IS CHARGED
The petition also charges that through fraud, neglect and gross mismanagement of the company's affairs its estate and effects are in danger of being wasted and lost.

It states that \$1,000,000 was made by the city of Boston in its official City Record of August 2, 1920, of the sale to be held August 28 at public auction of the Rosemont Apartments for delinquent taxes for 1920. The company has an equity in this property, according to the bill.

\$875,000 PAYMENT.

In the matter of the Alden Park Manor, Brookline, since reorganized as Longwood Towers, but originally known as Chatham, Inc., the bill says the directors of the company prior to January 11, 1929, paid to parties unknown to the plaintiffs but believed to be William J. Moore and associates, the sum of \$875,000 of the money of the defendant corporation for a second mortgage on the Manor.

At that time the plaintiffs were a second mortgage on the Manor was absolutely worthless due to the financial condition of the property.

BRITISH TROOPS MOVE TO CRUSH INDIA REVOLT

Bombay, India, Aug. 14 (AP)—A special military expedition of considerable force as understood here today to be headed toward the Peshawar northwest frontier district in consequence of apparent official resolve to suppress continued tribal unrest there.

Reports from Lahore said that a large body of infantry, cavalry and air forces had been dispatched to Peshawar, with armored cars accompanying them.

It was not known just how much of this outfit would go to the frontier, but a considerable number was known to be enroute.

The movement was taken generally as indicating the authorities regarded the tribal upsurge as continuing serious, notwithstanding the immediately improved situation at Peshawar.

It was said here that the Mohmands and Shinwaris, among the most formidable of the tribal warriors, have not yet responded to attempts of the Raj of Turunai and other leaders to arouse them to action.

These two tribes dwell on the Afghan side of the border. Their reluctance hitherto to join the fray is said to be due to stern warnings they have received from Nadir Shah, King of Afghanistan, to refrain from co-operating with the British.

SWIM ENTRIES CONTINUE TO PILE UP

Arrangements for racing and aquatics entries in the Boston Evening American girls' swimming races were completed today, and the Metropolitan District police have promised full co-operation in connection with the meet, which takes place Saturday afternoon, Aug. 23 at the Charles river basin.

There will be a diving tent for girls on the Esplanade with maximum in attendance, and every competitor will undergo an examination before the races.

The metropolitan police will have several lifeguards and a motor launch on the scene and a squad of officers will be on duty on and about the floats where the races will start and finish.

The races are to be conducted under the sanction of the New England A. A. U. and leading officials will act as judges and starters.

Through the co-operation of the Boston Swimming Association, a new 10-foot diving board will be put in place before the gala day arrives.

The Worcester Women's Swimming Association will be well represented in the races. Among the Worcester participants are Deina Carlstrom, winner of the N. E. A. U. championship mile at the Boston Evening American girls' swimming meet in 1923; Dorothy Brown, Ray Gallant and Emma Patterson.

Cecilia Murphy, 15, of 81 Buttonwood st., Boston; Rita Allen, 13, of Acadia pk., Somerville, and Marion Slack, 17, of 20 South st., Medford, are among others who sent entries yesterday.

All desiring to compete must remember that they must register with J. Frank Facey, 38 Prospect st., an amateur athlete.

AIRMEN AND 7 MINERS HELD IN BOMBING

Providence, Ky., Aug. 13 (AP)—Six new arrests in the Monday's air raid on Webster county coal mines were followed today by a fire that destroyed the tipple of the Providence Coal Mining Co.

A second aviator, James Malone, 24, of Duquoin, Ill., and five Zelzer, Ill., miners, were in jail at Murphysboro, Ill., as authorities continued their investigation into the airplane bombing raid at Providence, Ky., last Monday. Paul Montgomery, aviator, who confessed bombing the mine field, was also under arrest.

The fire, described by officials as incendiary, was discovered in a shed and consumed it and the tipple and two Louisville & Nashville coal cars on a siding. Loss was estimated at \$50,000.

The blaze was laid by Wayne Crow, a deputy sheriff who investigated it, to revenge for the arrests here late last night of Essel Grant, 33, and Ewing Riley, 20, in connection with the raid in which nine bombs were dropped from an airplane on mines in this vicinity. It was one of a series of disorders, which included the dynamiting yesterday of an Illinois Central train.

Artists Plan Rockport Frolic

Annual Costume Ball Will Be Held in Town Hall on August 25

ROCKPORT'S ART COLONY will frolic at its annual costume ball on Monday, August 25. Dancing is scheduled from 8.30 until 3 a. m. This event is one of the major attractions on the North Shore and is held in the Town Hall, on the tip of Cape Ann. Artists and their friends from the summer colonies of surrounding towns and even from a distance attend this merry-making classic.

THIS YEAR'S FROLIC will be in the nature of a Venetian Carnival. The Town Hall will be transformed by members of the Rockport Art Association into a setting which will depict the watery allure of Venice. The Grand Canal with its picturesque bridges and palaces, gondolas and care-free gondoliers, limpid water, subdued lights and all of the gorgeous color of the level of Italy will form a background for four or five hundred couples in all manner of gay costumes.

MUSIC WILL BE FURNISHED by Jean Goulet's famous Casa Loma orchestra, and it promises to be one of the most interesting events in the history of the Rockport Art Association. Alden T. Hibbard, president of the association, is in charge of the ball. He is assisted by Charles B. Knapp, vice-president, John T. Buckley, secretary, Albert H. Thayer, Elsie Rose Perlinger, Richard C. Holberg and Herbert Harnett.

MRS. EDWARD C. HAMMOND and her daughter, Miss Mary L. Hammond, of Chestnut Hill, have arrived at the Berkshire Hotel, New York, from their summer home, Walnut Grove Farm, at New London, Conn. Miss Hammond's engagement to Mr. William D. Taylor was announced in June.

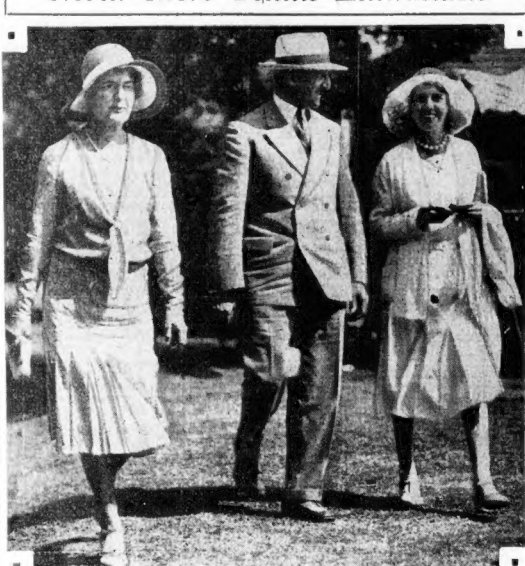

Daily Antique—No. 171

Another important piece of historical silver, the Queen Anne silver cup, was recently purchased for the Museum of Fine Arts, after having been on exhibition for several years. Rumor has it that the cup was once the property of Lord Hinchinbrook, Governor of Massachusetts, whose home was burned and whose silver was melted by the enterprising rebels as a forerunner, and of what was to be expected when the revolution came. However, the will of Lydia Hinchinbrook, dated October 30, 1775, which bequeaths all of her plate to her mother except a silver bowl, a silver spoon cup, and a large two-handled silver cup given to her brother, John Hancock, Esq., seems to dispel this rumor. This cup, one of the most interesting pieces in the collection of English plate at the Museum, bears the Hinchinbrook and Hancock arms. It was made in the early 18th century by George Wykes of London and is beautifully and simply decorated in the Queen Anne style.

Miss Ellen Thoron and Francis McVeagh to Wed Next Month

MAL AND MRS. HENRY LEONARD of Washington, D. C., are announcing the engagement of Miss Ellen Thoron, daughter of Mr. Leonard, to Francis Wayne McVeagh, son of Mr. and Mrs. Charles McVeagh of Washington. The wedding will take place in September. Miss Thoron was presented to society in 1927-28 and is a granddaughter of the late Mr. and Mrs. Benjamin H. Winter and niece of Mrs. John W. Garrett, wife of the American ambassador to Italy.

MISS THORON WAS EDUCATED in America and France and is a member of the Junior League. Last winter she was the guest in Rome of the ambassador and his wife. She is now an instructor at the University of Harvard. The young couple will make their home in Cambridge.

MR. AND MRS. HENRY S. GREW of Manchester, with their two sons and their daughter, Miss Elliot, are off on a trip to Honolulu and the Hawaiian Islands. They will be back in September at their home in Manchester.

MRS. WILLIAM BALL RICE, 24 (Eleanor Drinkwater), was entertained at an informal bridge and tea Tuesday given by her mother, Mrs. Horace Drinkwater of Cohasset. Mrs. Rice is spending the season there with her parents. Tables were laid indoors and on the lawns of their charming estate. Mr. Drinkwater, with the two sons of the family, are at Marblehead for the races.

Francesca Gagliati Comes to Boston for Debut This Season

IT IS INTERESTING to note that many American residents abroad are sending their daughters back to their motherland for their formal presentation to society. Among these is Miss Francesca Gagliati of Gattig, Switzerland, who will be brought out this season in Boston under the wing of her aunt, Mrs. Robert L. Raymond of Zandville.

MISS GAGLIATI IS FINISHING school in Switzerland and will probably sail for America the latter part of October. She will visit another uncle and aunt, Mr. and Mrs. Walter Channing of Dover. Miss Gagliati is the daughter of Mr. and Mrs. Francesco Gagliati, who was Miss Caroline Higbee of Boston, and sister to Mrs. Raymond and Mrs. Channing. They have a child in Gattig, Switzerland.

MR. AND MRS. PHILIP DALTON of Milton and their daughters, Miss Marian and Miss Alice, are enjoying the season at West Chop, Martha's Vineyard. Miss Marian will be debutante of the 1931 season and Miss Alice, who came out last season, has been active in the amateur theatricals of this resort.

LADY MILLER OF KENYA COLONY, Africa, was among the recent arrivals at the Ritz-Carlton.

MRS. PAUL W. KIMBALL of Milton and her daughter, Miss Annie, are staying at Jeffrey, N. H. Mr. Kimball takes the trip over the weekends. Miss Annie will be one of the debutantes of the coming season, although she is not yet of age.

Guild Will Meet Next Week

St. Vincent's Members Will Hold Get-Together in Hough's Neck Home

By NANCY BREWSTER
In place of club meetings, bridge and whist parties are serving the purpose, at the same time adding appreciably to treasuries for philanthropic pursuits in the fall.

Next Wednesday, St. Vincent's Orphan Guild, of which Mrs. Joseph Nichols is the president, will hold such a summer get-together at the home of Mrs. Francis L. Trabor, 62 Bra. ave., Great Hill, Hough's Neck, at 2 p. m.

The party is to go on buses, and Mrs. Henry Arnold, vice-president of the guild and chairman of the bridge, announces that buses will leave Uphams corner, Dorchester, at 1.30 p. m. Mrs. Martin Pannon is assisting Mrs. Arnold while chairman of the whist. Mrs. Stephen Courtney, Mrs. Fred Wayne and members of the whist and means committee are aiding her. Mrs. James E. O'Connell, treasurer of the board of directors, is handling publicity for the affair, with Mrs. Robert Merfau, as secretary.

Benefit Program Is Planned by Women's Educational Union

To further increase the retirement fund of the employees of the Women's Educational and Industrial Union and to assist its bureau of the handicapped, Mrs. Eva Whiting White, president of the Union, announces at this early date, a whist performance, December 30 at the Copley-Plaza Hotel.

Angus Enters, London dancer, will come to this country, and present a terpsichorean program, as the proposed plan now has it.

Arrangements are also being made for an appearance of the Society of Ancient Instruments in the interests of the same committee.

The performance now scheduled as February 15 at the Repertory Theater.

District Groups to Have Joint Session on March Twelfth

A joint meeting of the first, second and third districts in the State Federation of Women's Clubs takes place March 12 in Middleboro.

Local chairmen of the same committee are Mrs. W. L. Douglas has charge of this phase of the Brockton club's work.

At the opening meeting of the club, October 14, at the Church of the New Jerusalem, Mrs. George E. Taber, law president, will give greetings to the old and new members.

Following the entertainment program, a reception is to be given to the officers and directors.

FOR FALL, fashion believes in boleros—and in boleros that have lengthened into jackets. The first, the true bolero, were discussed at some length recently. And there are still more points to make! The second, the elongated bolero, are this fall's variation of the separate jacket accompanying skirts or dresses in light-weight suits for early wear. They are straight and short.

WOOLEN FROCKS—these are going to be more important, even this fall, than they were last fall—will be using bolero treatments more frequently than they do any other style features.

THESE BOLEROS will often be separate, long-sleeved affairs, but will more often be merely simulated. Hems slashed in Greek key border effect will be featured.

THE SOMEWHAT startling division that the higher belt line gives the average figure is less apparent when the line above the belt is also broken. Thus the bright idea of a bolero. It gives youthful grace. It has a quaint chic. It definitely draws emphasis away from a too severe high-waistline.

THE HERMA cloth costume pictured is in rust or henna shade—the darker border design of the material forming yoke of skirt, and bordering bolero and cuffs. The skirt buttons at center front of yoke, inverted pleats giving low-placed fullness. The sleeveless blouse is of peach color silk, its flat jabot embellished in cut-out design. The belt hat, also in henna tone, has a flare-back brim, and a cream and henna feather posed flat against back of crown.

THE GLOVES are rose beige, and the bag of brown calf with new double handle.

IN COLOR the new model is truly autumnal. The vibrant henna that light up the forest on October days are favored by fashion. Browns—rich, ruddy ones and deep soft greens. Reds in a wide range from ruby beige to dark mahogany. And mentioned but not of largest importance is black. Black for dresses of cotton, satin and velvet, and hats to go with them. Brown for coats and hose and shoes or leaved as well as frocks of lightweight wool.

Plays "Rocking Chair"

Marine Administration

Editor Boston American:
You are right in part and wrong in some more. Mr. Dickerson, N. Hoover, is to be blamed for his attitude toward the "unlikeliest" of men. A shining example and exemplification of our wonderful "noble character" are.

The mob has no mind of its own but it has a "character". It expects its associates to be like a housewife. "Get there," is the mob slogan, "and the devil and Davy Jones take the hindmost."

But, together with the aversion of some members of the marine oligarchy who steer their ships from rocking-chairs in staterooms after cabins located in the rail floor of an uptown skyscraper, we find that in great many instances the ship-masters are not "boathandlers".

Some of them are products of what Shakespeare termed "ferventism and coarseness." They are mere "Marine Robots."

Boathandlers are born, not made. You will find upon investigation that these men have greatness and a responsibility thrust upon them which they achieve little of merit other than they acquire ignominy and "innocence" by ruthless disregard of risks and customs. They know very little about direction and emergency movements, because they are not, and they never will be "boathandlers."

Like ill-and-run autocrats, they regard the fairways of the sea as their private racetracks and all other inferior craft as interlopers.

The selection of these men for ship-masters is all wrong. The whole system of direction is clogged by the interference of rocking chair so-sovereigns.

If you could convince Mr. Hoover of this so that none but true "boathandlers" would be the bridges of our coastwise steamers and that they should be real masters of their ships, most of the disasters of the sea in foul weather would be prevented.

Says Clubwomen Regard

Kitchen as an Evil

Editor Boston American:

Women who are members of clubs in Boston are beginning to look upon kitchens as necessary evils.

They want to be emancipated from them. The New York State Federation of Women's Clubs started something when this feeling among club women was voiced abroad.

They are willing to give more attention to the living room. This is now the keyroom of the modern home. It plays more into their desires. The kitchen is too mechanical for the club women. The living room editor of decoration. It appeals more to the aesthetic sense of womanhood.

Club women have outgrown the kitchen. They did formerly place some stress upon the dining room. But now this is dropped. Cooked food stores are more than driving because of this change.

Offers Solution to

Unemployment Problem

Editor Boston American:

As a citizen of this country and an observer and student of conditions, I am stating the following facts.

The most vital problem of today to our government is to keep its people satisfied.

From ordinary observation it can be seen that a continual state of dissatisfaction has been growing for years, until at the present period of the world's history it has developed until the outstanding problem is unemployment.

This problem is not similar in

SOMETHING TO THINK ABOUT

Editor Boston American:

Use your head in all the emergencies of life. Keep your think-tank brewing. This is what the proprietor of the Stuart store, E. L. Levy, did in bringing about the capture of the far-famed sought for the double murder at Stow.

It is hard for some people to get into the habit of thinking. Business men have good training in this direction. Some of them have to think quick. They can do it. Others require more time.

But some require more of a master.

Just think and then act. That is what this Stuart store business man did. The pity is that many people do not use their minds enough. When Newton was asked how he discovered the law of gravitation, he simply replied, "By thinking about it all the time." Keep your mind active while you are working and your work will show the influence of your mind afterward.

U. S. and Mexico to Straighten River

Washington, Aug. 14 (UB)—The

International Boundary Commission between the United States and Mexico yesterday arrived at an agreement to straighten out and control the Rio Grande, boundary river, at a cost of approximately \$200,000.

The river from El Paso to Fort Quitman, which now rambles 155 miles, is to be reduced to 88 miles by the construction of levees. Since the United States is to be the principal beneficiary, it will pay 50 per cent of the cost.

Tree Sitters Take Notice! Brazilian Parrot Missing

Somewhere a Brazilian parrot

is sitting in a tree when he also is on his perch at 116 Vernon st., Roxbury.

The bird is a handsome blue-tipped parrot, with flecks of green and red on his wings and tail. On July 20 he flew out a window of his home and his owners have not seen him since.

If anyone finds him trying to break the tree-sitting endurance record, return him to his Vernon st. home.

Arkansas Will Be Kept in Commission

Washington, Aug. 14—The Navy

Department has decided to retain the battleship Arkansas in active commission and to retire the Wyoming, now flagship of the scouting fleet, which will be partly dismantled under the terms of the London naval treaty and used as a training ship.

Ultimately the Arkansas, as well as the Arizona and Pennsylvania, now undergoing modernization, will be transferred to the Pacific fleet. The Florida is to be decommissioned completely at the Philadelphia Navy Yard and the Utah prepared for use as a target ship at Norfolk.

LOW PRICE OF SUGAR AROUSES INTEREST IN PRESERVING

Housewives Cannot Resist Great Economy in Preserving Fruit This Year

Fruit jars, jelly glasses and preserving kettles are claiming the attention of women these days. For they have figured that there is real money to be saved by putting up the maximum of fruit.

One only needs to go to market to realize the economy of home-canning. Everywhere is an abundance of fine fruit and berries amazingly low in price. As far as the cost of sugar is concerned, never before has it been so cheap.

There is a place in every normal diet for canned fruits. Many are rich in vitamins. As a dessert for children there are few foods more appropriate than canned peaches, plums, apples or pears.

It is much easier to plan menus when there are jellies, jams and preserves within reach. A tart-sweet jelly is a fine accompaniment for meats and fish. And a bit of sweet makes the meal complete. The Sugar Institute.

FIRE VETS WILL BE IN PARADE

Judge Edward L. Loran of South Boston court is in conference with Mayor Curley at City Hall today concerning the parade in Boston on Sept. 17 in connection with the Twenty-ninth anniversary.

Present indications point to one of the large parades in the history of the city, with a present roster of 25,000 representing many organizations.

Mayor Curley pointed out to Judge Loran, who is chairman of the parade committee, the necessity of inviting all old-time firefighters with their handbills to join in the parade and to receive the master of ceremonies' position to the main band in line.

Could Write a Book About It

"Nine years ago after my little girl was born dead, I took Lydia E. Pinkham's Vegetable Compound for about four months. The next year I became the mother of a fine 11-pound baby boy. After he was born, I kept on with the medicine to build me up. Four months ago I was nervous and rundown and suffered from other troubles which I knew Lydia E. Pinkham's Vegetable Compound would relieve it and I feel fine again. Many of my friends could write a book on the good the Vegetable Compound has done them."—Mrs. W. Owsen, 1018 Rogers Ave., St. Louis, Mo.

Tercentenary Pilgrimages—No. 57

CHRIST CHURCH, BOSTON

In the crowded North End stands an old edifice which has become of great historical value from its age and the part it played in the Revolution.

Christ Church is the oldest in the city, built in 1728. It is located in Salem st., not far from historic North sq., where stood the Old North or Second Church.

Christ Church was an offshoot of King's Chapel. It was the only Episcopal church in the North End, and became known as the North Church. This name rightly belonged to the Second Church, of the Mathers, located in North sq.

At the organization of Christ Church in 1728, Increase Mather was ending his long service at the Old North, and his son, Cotton Mather was in the prime of his power. Peter Zacher was at the New North. The New Brick had been recently organized through dissension from the parent church.

The destruction of the Old North by order of General Howe, for firewood during the winter of the siege, technically ended the name Old North which had been applied the Christ Church, since. In the steeple of Christ Church, the tradition asserts, the lanterns were hung for Paul Revere.

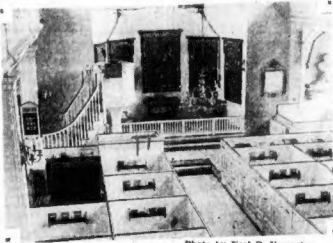

Photo by Earl B. Forrester

An ancient clock below the rail has ticked the hours since 1746. The chandeliers and cherubim were given to the church in 1768 by a privateer, who captured them from a French ship which was conveying them to a convent in Canada. The pulpit was of the hour glass shape.

of the word, vineyard) the communion service bearing the arms of George Second, the christening basin and other ornaments made the church outstanding in interest.

Tomorrow—Brattle House—Cambridge.

Virginia Apple Crop

Sump Due to Heat

Richmond, Va., Aug. 14 (AP)—A drop of 1 million barrels, or almost 25-34 per cent, in Virginia's apple production this year from that of 1929 is forecast by the United States crop reporting board. The loss is attributed to the hot spell. The estimate is 2,100,000 barrels this year.

for FRO-JOY'S 2-flavor combinations
the place of honor at the tables
of accomplished hostesses

"My children are not the only ones who enjoyed Fro-joy Ice Cream," said Mrs. Franklin King, referring to the Annual Fair which was given last summer on the Falmouth Village Green. "The grown-ups had just as good a time as they did. How good that was, you can judge from their absorbed expression."

GREAT concert artists never strain for effects. Glorious music flows from fingertips without apparent effort.

And this same flawless ease is evidenced, also, in entertaining by successful hostesses. Adroit—graceful—never a hint of strain, they achieve glamorous effects.

So they merit the compliment—"She's a born hostess!"

Perhaps this is one reason for their extraordinary allegiance to Fro-joy's weekly fashions in 2-flavored ice cream combinations.

With the name of a Fro-joy dealer at hand, a glorious dessert, suitable for the simplest or the most elaborate occasion, arrives . . . ready to serve when they want it!

In this triple-wrapped pint package reposes a fresh flavor combination each week. A deliciously creamy, velvet-smooth frosted dainty. Duo-toned. Matchless in tastiness.

And its appeal lies as much in the constant change of its character (for each week's flavor and color blend are completely different from the one preceding) as in its luscious purity.

Made only of the finest cream, freshest fruits, meatiest, sweetest nuts, and highest-valued flavorings . . . Fro-joy is, in addition, a superb child dessert.

Twice a week is none too often to serve it for just-family meals. And now they'll adore it! General Ice Cream Corporation.

SECRETARY OF AGRICULTURE HYDE TO BE HEARD TONIGHT ON WNAC

"Drought Relief Program" is Subject Heard at 10:30

Arthur M. Hyde, Secretary of Agriculture, who has just returned from Hoover's field marshal in the drought-stricken areas, will be heard at 10:30 on WNAC. Secretary Hyde will describe the extent of the drought, and the amount of money that is being expended to meet this great problem.

Mr. Hyde was on an inspection trip in the Middle West, collecting field information regarding the drought, when he was summoned back to Washington last week. He is expected to arrive here on Monday.

Mr. Hyde has been busy forming calculations and estimates in making out a program for immediate relief, and he is expected to appear at the conference of the 12 states called by the President.

Concerning Radio

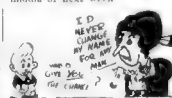

Edited by BILL WHIPPLE

Tomorrow afternoon, at 6:00 o'clock, one of the most interesting experiments since the advent of radio will be undertaken when the National Broadcasting Co. relays over a coast-to-coast network one of the most unusual two-way radio conversations ever attempted.

Women fliers arrived in the Los Angeles in a biplane. Mr. Hyde will be in the Los Angeles in a biplane piloted by Lindy D. Tomlinson. Thousands of feet below them, down deep on the ocean floor, will be Capt. Henderson, noted movie picture director, and a nation-wide radio audience will witness the conversation.

ends the cross talk into the microphone of each week.

Here's something out to make Larry Hyde and Lindy Tomlinson. Thousands of feet below them, down deep on the ocean floor, will be Capt. Henderson, noted movie picture director, and a nation-wide radio audience will witness the conversation.

A yacht, which will carry Capt. Henderson and his diving equipment to a distance of four miles off the coast of Venice, Cal., will also be used in the experiment.

For the broadcast, Short wave receivers and transmitters will place the conversation on the air. Henderson will take down a microphone inside his helmet, cables to a transmitting apparatus on the yacht, and the broadcast will be made.

SCHOOLS and COLLEGES

BURDETT COLLEGE BEGINS 520 YEAR NEXT MONTH

The September opening at Burdett College marks the 52d year of the institution. The new building has had a noticeable influence upon the enrollment and the work accomplished by faculty members. With newer equipment and increased facilities, students have been able to accomplish more.

During the past school year, the laboratory of office machines of the school has been expanded. Older machines have been replaced with later models and new machines added.

Robert C. Rounds, graduate of Bowdoin and Harvard Law School, has been appointed to the business administration faculty, department of English and economics.

The registration for full courses is reported much larger than at this time last year. Advance enrollment also includes a larger percentage of college graduates and former students, both men and women. In registration, business

Art Award Student Wins Praise of Critic Abroad

Work has been received from Daniel Law, recipient of the Fontainebleau scholarship given by the Young Men's Association of Art, that he finds his new work at the Ecole des Beaux Arts most interesting.

St. Paul, Minn., a stern critic and one of the best draughtsmen in France, whose paintings are in the Luxembourg gallery, has commended Mr. Law for his draughtsmanship.

With Prof. Bolander, whose murals are in the Salon, Mr. Law is continuing work in his special field of mural painting, one of which was shown at the Architecture League exhibit in New York last spring.

Opportunities Seen in Advertising Art

Charles L. H. Wagner, director of the Wagner School of Art, visited larger cities of the East during the summer months, studying the latest and best in the advertising art.

"While changing times have brought decadence to some lines of endeavor, the advertising art is flourishing as never before and offers a broad field for highly trained young men and women," said Mr. Wagner.

The school will reopen for the fall term on September 15.

CIVIL SERVICE CLASS POPULAR IN WENTWORTH IN 20TH YEAR

Wentworth Institute offers opportunity for young men interested in a mechanical career to receive a technical education.

The institute has been operating 19 years, during which time it has given training in day and evening classes to more than 30,000 men.

The institute's endowment enabled it to offer instruction for an annual course of \$100. The cost of this instruction is estimated to be about \$40 per year per student.

Students applying for the one-year day course should be over 16 years of age; for the two-year course, at least 18 years of age.

No written examination is required of the applicants for the one-year course, but applicants for the two-year course are required to pass a written examination in English, algebra, drawing or geometry and physics or chemistry, unless they can produce a certificate of graduation from a high school.

School's Alumni Alert in Field of Radio

Established in 1909 as the Boston School of Telegraphy and later reorganized under its present name, where they studied these subjects satisfactorily and a certificate of recommendation from their high school principal as to their attendance, character and mechanical ability. If such certificate are not produced, they are not admitted to the institute.

The institute operates an employment bureau to assist the students in finding satisfactory positions upon completing their courses and to follow their progress.

There are eight one-year courses: Carpentry and building, electrical wiring and plumbing, machine work, pattern making and foundry practice, oxy-acetylene and arc welding and printing.

ALANDALE TO OPEN SEPT. 8

Alandale Studio evening classes will open on September 8 and the school will continue on September 15.

Students will be restricted this year in both the day and evening classes. No new students will be admitted to the evening classes.

Students who wish to be admitted to the evening classes will be admitted to the evening classes on September 8.

CHARGE POLICE BOAT NOW ON WAYS USELESS FOR WORK IN HARBOR

SPEED CRAFT NEEDED, SAYS HULTMAN

3 Boat Under Construction
Inable to Reach Many
Parts of Waterfront

For sale One brand new harbor police boat at bargain prices.

This is the opinion expressed in the Boston press, expressed which seems to have a new police boat costing \$144,750 but which is an "unhappy" idea.

ORDERED BY WILSON

The contract for this boat was signed by Chief Police Commissioner H. L. A. Wilson and the boat is now under construction at the Lawley yard in Dorchester. It will be completed in October, and the city although it is expected to pay for it will be a cost.

If the city cannot pay for the boat, but it is not worth it to operate it, there is only one other course available. That is to sell it at a loss and buy smaller power boats.

Commissioner Hultman, when asked about the boat, said:

"When I came into office I discovered the contract had already been approved. I have been trying from the very first day to break the contract, but apparently it cannot be done without a loss of about \$90,000 to the city."

He said the contract signed by Wilson called for a boat of about 120 feet long, 20 feet wide, and a coal burner.

"She will also draw considerable water and could not operate in many parts of the harbor," he commented. He said that in his judgment the boat is obsolete before being built.

NEED SPEED BOATS

"What we really need in the harbor," said the commissioner, "is a couple of 30-foot speed boats that could operate in low water areas and get to places in a hurry. The department could operate these two small boats at less cost than a large boat."

Commissioner Hultman said he had appealed to the city law department to take steps to break the contract, but had been informed that the legal papers were all in order and probably could not be broken except at great expense.

Summer St. Cleared of Parkers to Speed Traffic

SPEDIER MOVEMENT of traffic on Summer st. was reported today with parking banned by Commissioner Conry. The plan of parking on one side from Arch st. to Washington st. and on the other from Washington st. to Chauncy was

found unsuccessful and was rescinded yesterday. With the new system, pedestrians also move faster, as parked cars do not obstruct their view of the lights. This view was taken at Summer and Washington sts. (Staff photo.)

POLICE ROUGH DRIVER HELD AFTER CRASH

Mounted rough riding teams, mounted drill teams and unmounted equestrian teams of the State Police are being whipped into shape at the Commonwealth Armory to take part in the Tercentenary and other public exhibitions.

Dr. James Hughes, trainer at the Commonwealth Armory, is the instructor. Patrolman Thomas M. Naughton is one of the typical horsemen who will be seen in the state ring.

Don't say it can't be done," said Naughton. "I will show you."

Two men were seriously injured and another man was arrested charged with operating an automobile while under the influence of liquor following a head-on collision on the Newburyport turnpike at Saugus early today.

A riding to Patrolman Joseph A. Lambert of the Saugus police, a truck operated by John A. Bonville, of 15 Somerville ave., East Haverhill, going towards Boston was struck by an auto and by the police to have been operated by Arthur J. Diamond of Exeter st., Arlington. Three men in the machine were thrown out. Dr. Officer Thomas Cannon of Saugus, who was passing at the time, assisted the injured men to hospital and rushed them to Lynn Hospital.

Diamond was brought back to Saugus police headquarters and booked. Charles Flynn, of 46 Park ave., Arlington, and George Arnold, of 21 Pine st., Arlington, occupying Diamond's car, were kept at the Lynn Hospital.

WANTS SUNDAY BUSES AT PIER

Improved bus service to Commonwealth Pier on Saturday afternoon and Sunday for ocean liner passengers and visitors is being sought by the Foreign Commerce Club.

The pier is now served by the Reading Bus Co., which takes its buses off the run at noon Saturday, to be available for private parties over the weekend.

"We feel that this very period is the time the buses are needed," said President Elmer Elwell of the club.

"When the Britannic was here on a Sunday, some 500 people were on hand," he explained, "and they had to use taxicabs or walk from the distant car line."

In a letter today to John H. Hickey, chairman of the club, the committee on transportation, headed by U. S. Dist. Atty. John J. Stone, presented Ginsburg with 200 signatures endorsing a movement to have the Boston Ferry purchase the rights to operate buses on this run.

Christmas Wedding Not So Happy

Mr. and Mrs. Thomas M. Champagne of Lowell didn't have a merry Christmas last year although it was their wedding day, according to the suit for divorce filed by Champagne against his wife Marie Louise, in Middlesex Probate Court, East Cambridge, yesterday.

He says they were wedded December 25 last, and that his wife treated him in a cruel and abusive manner the very day they were married. The suit is returnable September 8.

Ginsburg Gets 6000 Names Before Trip

Rep. Vernon Ginsburg of Worcester called yesterday to attend a World Council convention in Germany. Shortly before his departure, a delegation headed by U. S. Dist. Atty. John J. Stone, presented Ginsburg with 200 signatures endorsing a movement to have the Boston Ferry purchase the rights to operate buses on this run.

FANEUIL HALL ARMORY OPEN SATURDAYS

Ancients Agree That Spot Should Be Open on Week-End for Visitors

Captain Francis S. Cummings, commanding the Ancient and Honorable Artillery Company, today notified Mayor Curley that arrangements have been made for Faneuil Hall to be opened Saturday afternoon, in accordance with a request submitted by the latter.

In his request to Captain Cummings, Mayor Curley pointed out that the armory of the Ancients ought to be kept open for a view by visitors to the city. The artillery armory is located on the top floor of Faneuil Hall, which was ordered kept open by the Mayor, so that part comes under the jurisdiction of the city.

Recently the Mayor received word from the Bostonian Society, which has charge of the Old State House, that that place will also be kept open Saturday afternoon for visitors.

Miss Mayo Bride of Milton Selectman

Miss Ethel Gilbert Mayo today became the bride of Kenneth Dewey Johnson at the home of the bride's parents, Mr. and Mrs. George A. Mayo, in Granite ave., Milton. The bride was attended by Prof. Edith C. Johnson, a sister of the groom. They will take a motor tour through New England and Canada.

Mrs. Johnson is a graduate of Mount Holyoke College and Simmons College, the son of Mr. and Mrs. John L. Johnson of Milton. He was graduated from University and Harvard Law School and is chairman of the Milton Selectmen.

4 Hurt as Car Hits Pole in Danvers

Two Peabody sisters and their escorts were injured early today when an automobile left the road in Conant st., Danvers, near Foley hill, and crashed into an electric light pole.

Miss Muriel Erb, 13, of Glenfield st., Peabody, was driving the car on the license of her sister, Gordon R. Erb, of 558 Green st., Cambridge. Miss Muriel Erb, 18, and Allen H. Goble, of 21 Bowdoin st., Worcester, were the other occupants of the car. They were taken to Hunt Memorial Hospital, Danvers.

A Good Appetite?

YES—then work seems like play!

...but when your red-blood-cells are only 80% you are not yourself—60% is dangerous

DON'T STARVE your system—when your red-blood-cells are low your blood count...

How to recognize a low blood count: Fatigue without any apparent cause, sluggishness, loss of appetite, loss of body weight, pale skin, boils and pimples are outstanding symptoms of a LOW RED-BLOOD-COUNT. Only the red-cells are your body builders. They carry nourishment to every part of the body. Also, they remove impurities from the system.

S.S.S.—the great blood tonic—stimulates the blood-building organs to supply the necessary red-cells. Your appetite picks up, your body is strengthened, invigorated! You, too, may soon possess a wonderful power of self-life and vitality. Get the large size. At all drug stores. O.S.S. Co.

SHIPPERS OPEN WAR ON STATE OVER COMMONWEALTH PIER SPACE

BITTER FIGHT LOOMS OVER CHARGES

Complain Motor Vehicle Registry Encroaching on Land of Private Firms at Pier

A bitter fight looms over alleged encroachment by the State Department of Public Works on space required by private shippers at Commonwealth Pier, it was disclosed today.

Complaint was made by one shipper that the State had reserved right to use the pier space for motor vehicle storage, a use which would encroach upon the space required by the shippers.

Another complaint has been made by the Federal Reserve Commission which needs more space for baggage handling and a berth for a motor bus being used by the auto registry for storage of cars.

The public works department has a budget item for a new building to be started next year to house the public works and auto registry forces.

Wage disagreements between Boston longshoremen and steamship companies are expected to result next month, when the annual conference on relationships will be held.

A movement is said to be under way among some Eastern shippers to seek a reduction in the wages of longshoremen. This is to be counteracted by demands of longshoremen for an upward revision of the wages.

The Boston district of the International Longshoremen's Association, a 10,000 member body, will take the stand that the unpunished 'bug law' should be modified so that more income can be obtained from the wages.

Several months ago a conference was held at which the longshoremen agreed to abandon the 'bug law' and to work for a day's wage as much as possible on the single. Previously only a definite amount was allowed to each shipper.

William Randolph Hearst Junior Golf Tournament, to be held at the Wollaston Golf Club, Monmouth, N.J., starting with the qualifying round on Monday, Aug. 2.

The entry of Hunter is not worthy for he comes from a family that has been placed on the golfing map by his sister, Dorothy Hunter.

Dorothy Hunter brought a championship into the family in the early part of the season and has since then earned fame for her household by winning the honor for women on the Hawaiian Islands.

Since Dorothy broke into the headlines, Robert has been in the spotlight. His sister is the family hero and Bobby is just another golfer.

HUNTER AFTER TITLE

the Junior Golf Championships at Pomfret, bringing a few weeks ago another one of the best of the country together although he was ousted in the quarter-finals.

Young Hunter intends to spend the summer at the Wollaston festival. It is one of his last opportunities this season to show his real ability in junior golfing circles, and he plans to capitalize.

The entry list for the Hears Junior Golf tournament has topped 200 and today's mail should bring the list close to the 230 mark. The mailman continues to pile up the delivery on the sport desk.

Here is another batch of the entries received thus far:

By BILL GRIMES

New Bedford, Aug. 14.—With three former title holders in the championship flight, the first round of match play in the fourth annual country club of New Bedford invitation started today, with the draw indicating a finals between Chick Grasse, Mt. Pleasant, and Carl Nettelbladt, Green Hill, who battled for the title last year.

T. Sufferer Taylor, Newport led the field in the qualifying round with a 76, but the amateur champion of Rhode Island was forced to withdraw from match play due to the fact that his grandmother is seriously ill.

As a result of Taylor's withdrawal, Chick Grasse and Carl Nettelbladt tied for the medal, and they will play off Friday afternoon.

Carl Nettelbladt, who broke out in matching strokes, won the championship in 1929, and in 1928 he took a six at the short 15th hole for a par.

Grasse is playing A. Houghton, one of the former United States ambassadors to Great Britain.

Houghton was 83 for his qualifying round and reached the championship flight by way of the play-off, as he did a year ago.

John McDonald, from Oyster Harbor, is out with Carl Nettelbladt and this match should prove a slugfest for both are long hitters.

Naturally, the odds strongly favor a Nettelbladt victory, for the Worcester boy is at his best playing the New Bedford course.

Of the 16 players who made the championship flight three are from Wollaston.
 Leon R. Emerson, John Harbour and Fred Thayer are the Monicor representatives.

Emerson who was a finalist in the juniors at Blue Barn a year ago, is matching strokes, win course record last Saturday.

Howard Paul from Bear Hill, Emerson qualified with an even 60, while Paul, in spite of the fact that he had never seen the course until yesterday, raced around in 74, which included a lost ball on the eighth hole.

MAHONEY CLUB RANKS HIGH AMONG SEMIPROS

The Mahoney nine of Roxbury is one of the best semi-pro outfits in New England. Under the direction of W. J. Mahoney, coach, the team has met and defeated some of the best teams in New England. The above photo shows J. Sasso, D. Conley, J. Sasso, star left fielder; D. Conley, catcher, and Captain John "Boots" Connelly with the coach, W. J. Mahoney. The Mahoney nine is seeking the semi-pro championship of the State.

MAHONEY NINE IS GOING STRONG

Roxbury, where fans, who have been without a high-class nine for a good many years, are now following the William J. Mahoney Club which has brought sandlot baseball back into that section and placed it on a high plane.

The Mahoney Club, under the direction of William J. Mahoney, president of Roxbury, and the management of Dick Fay have become one of the best semi-pro clubs in New England.

They have won six state championships and are the only team in the country to have won the championship of the state in three consecutive years. They have won the championship of the state in 1927, 1928 and 1929.

The success of the Roxbury team has been brought about by very close coaching by the captain and several other players. Among them are: Dick Fay, who is a White Sox catcher; Dick Hendon, who is a Sox pitcher; and John "Boots" Connelly, who is a Sox pitcher.

Highland A. A. Show Tonight

The feature of the weekly Highland A. A. show at Boston tonight will be a 10-round mill between Freddy McGrail of the Rhode

Island and Paddy Mullins of Rhode Island. Matchmaker Jack Murphy has booked a "natural" for there is a good deal of rivalry between the two boxers. McGrail and Mullins met in a 10-round mill at Boston in 1927, in which McGrail won by a knockout in the eighth round.

His Spanish forebears conquered Mexico . . . won the country in ten brief years. But Ramon alone conquered America, conquered Europe, and all points east . . . in scarcely more than a camera's flicker.

For Ramon gave the world a thrill!

And that's the tale of another young conqueror, OLD GOLD cigarettes. New England surrendered in just two months. "You win, OLD GOLD!" said the Middle West. From coast-to-coast the victory spread. And OLD GOLD in just one year became the country's fastest growing cigarette. Because OLD GOLD, like Novarro, offered the world a brand new thrill. Finer tobaccos gave a mellow taste. Better tobaccos ended throat-scratch.

Having decided that every child should learn how to play some musical instrument, the Music Teachers' Association is now wondering how to promote the idea. They might be able to create a demand of interest by playing up the self-defense angle.

With a "sneak something like" when your neighbor turns on his radio, each for a trombone instead of a shotgun."

PEARL'S PERSONALITY

"Pearl's personality is a very overblown personality," says the Rev. Wiley, "it's a guy who can remember when only an orphan had no mother to 'rule her'."

PROGRESS NOTE

"Modern civilization," says Genevieve, the kitchen cynic, "isn't nearly so bad as the people who're in favor of it."

The candy woman seems a bit off when riding handsome, wide as a wheel. But maybe he just strikes her because he wears such silly clothes. And knows that people all would adore it."

Mr. C. S. Stinkins of the University of Tennessee suggests that wars could be beneficial instead of detrimental by sending to the front only men who are mentally deficient.

The professor forgets that such men are needed, in war time, to stay home and let the contracts.

NEWS OF TRENDS OF THE DAY MAJOR NEW YORK STOCK EXCHANGE New York List MARKET

Better Tone Displayed by Stocks After Early Selling

New York, Aug. 14.—Important news generally displayed a better tone in afternoon trading in Wall Street. After a period of early selling, the market showed a recovery. The trading then grew and prices eased at the close.

PAIRS LOSE COUPLAGE

After another fortnight effort to break prices through recent advance levels, the disappointed lot of bears lost courage and retreated further.

SENTIMENT CONFUSED

Speculative sentiment has rarely been so perplexed and confused as it is at the moment. Some confusion looks for lower prices after the technical rally.

THE FACT THAT THE VOLUME OF SELLING HAS DECREASED WITH EACH POSITIVE BULL DRIVE, HOWEVER, HAS PROVIDED GROUND FOR HOPE IN SOME CIRCLES THAT THE MARKET MAY BE ABOUT SOLD.

Stock and money circles have interpreted its recent action as indicating that the market may be about sold.

STOCKS AND MONEY CIRCLES HAVE INTERPRETED ITS RECENT ACTION AS INDICATING THAT THE MARKET MAY BE ABOUT SOLD.

Shares at the same time record a gain of 2 to 4 points including Union Pacific, Union Carbide, American Steel, American Lumber, N. J. and Electric Auto Lumber, and others.

WEAK FEELING MORE THAN 4 POINTS IN NEW YORK STOCK MARKET

Weak feeling more than 4 points in new York stock market, the closing price of the market was 100.10, down from 100.50.

SELLING DUES UP

As the market has approached its low levels of price, the courage of the bulls has ebbed.

STOCKS AND MONEY CIRCLES HAVE INTERPRETED ITS RECENT ACTION AS INDICATING THAT THE MARKET MAY BE ABOUT SOLD.

Shares at the same time record a gain of 2 to 4 points including Union Pacific, Union Carbide, American Steel, American Lumber, N. J. and Electric Auto Lumber, and others.
